

LOW MAINTENANCE • DECKING • CLADDING • SCREENING • FENCING

Australia's most natural looking composite timber

The NewTechWood product range is a perfect alternative to timber – it has a natural timber look and doesn't require oiling, sanding, or painting – ever! It is your long-lasting solution for residential and commercial projects.

Relax on your deck instead of working on it

NewTechWood's decking boards are available in an extensive range of colours. From the traditional, contemporary and Hamptons style tones, you're sure to find a colour which complements your design. To see the NewTechWood colour range, visit www.newtechwood.com.au

Terrace Range

The stylish, contemporary Terrace solid composite decking range is suited to both residential and commercial projects. It is double sided, with two beautiful finishes to choose from: wood grained embossed finish, and deep brushed finish.

Product code: US49 | **Dimensions:** 138mm x 25mm | **Length:** 5.4m

Product code: US63 | **Dimensions:** 138mm x 25mm | **Length:** 5.4m

Coastal Range

The deluxe 210 mm wide Coastal range deck board features a deep texture, giving a classic weathered look, perfect for coastal, Hamptons style projects and decks around pools.

Product code: US54 | **Dimensions:** 210mm x 23mm | **Length:** 4.88m

Product code: US33 | **Dimensions:** 138mm x 23mm | **Length:** 4.88m

Metro Range

Available in WA only

The Metro decking boards are circular hollow which means they are lightweight and easy to handle, making them perfect for most residential new decking projects. Suited to subframes with joist spacings up to 350mm.

Product code: UH02 | **Dimensions:** 138mm x 23mm | **Length:** 4.88m

Product code: US07 | **Dimensions:** 138mm x 23mm | **Length:** 4.88m

Composite Cladding

Fully finished wall cladding with an exceptional timber look

For durability and longevity, you can't go past fully capped composite timber cladding. High UV and stain resistant, the fully capped composite timber cladding means it looks good for longer, with virtually no maintenance.

Shadowline Cladding

NewTechWood Shadowline range cladding is perfect to add an attractive architectural feature to your building project. The external timber-look cladding will stand up to all weather conditions, with very little maintenance.

Product code: US31 | **Dimensions:** 142mm x 13mm | **Length:** 4.88m

Castellation Cladding

NewTechWood's Castellation cladding profile is available in a range of modern colours, providing a multidimensional, visually appealing addition to any building project. It is an attractive alternative for creating a stylish external façade, screening or as a ceiling feature.

Product code: UH61 | **Dimensions:** 196mm x 25mm | **Length:** 4.88mm

Composite Screening and Fencing

Create privacy areas with next to zero maintenance

NewTechWood screening and fencing profiles come in a variety of colours that complement the decking and cladding ranges, enabling versatile applications in residential and commercial outdoor projects.

Product code: UH55 | **Dimensions:** 56mm x 30mm | **Length:** 5.4m

Product code: US36 | **Dimensions:** 70mm x 17mm | **Length:** 5.4m
